COMMENTS FROM THE TOWN MANAGER'S OFFICE

The first meeting of the Budget Committee was held on Wednesday, Jan. 17 with eight of the twelve members in attendance. The second meeting was held on Jan. 24th and the third meeting is scheduled for Jan. 31st. The first two meetings were devoted to all phases of the budget with the exception of the school budget which will be acted on at the next meeting. After the budget hearings are completed a summary of their recommendations will be published in this column.

Lurig the latter half of November and early December notices were mailed to all persons who were presumed to have left town and were no longer entitled to remain on the voting list. Of the notices sent very few were heard from indicating that they were still a Bethel voter.

A total of ninety-eight names have been removed, sixty-two men and thirty-six women. Seventy-five are former Bethel residents, and twenty-three former Albany residents, that voted in Bethel. As it has been years since the voting list has been really screened, accounts for the large number of names being removed. If by chance an error has been made and a name has been withdrawn that should have remained on the list, when the error is discovered all that will be necessary is to take the registration card from the inactive file and replace in the active file. The registration card of all persons removed from the voting list is placed in an inactive file to be kept for ten years. Also an alphabetical list of those removed is made up and kept on file.

Sincerely,
Harold L. Bean

YOUNG MEN URGED TO JOIN BETHEL JAYCEES

This is National Jaycee Week—the week 4,100 Junior Chambers of Commerce celebrate their birthday. They are entering their 42nd year of community service. Urge young men you know between the ages of 21 to 35 to fall in with the young men stepping ahead and join the Bethel Jaycees.

It is young men who get things done. At 19, George Washington was a colonel. At 24, William Pitt was Britain's prime minister. The average age of America's famed Continental Congress was but 24. It is young men who have vision, and it is young men who work for a better Bethel in the Junior Chamber of Commerce.

Mr. and Mrs. Paul King visited Mrs. Richard B. O'Neill in South Portland Friday and Saturday. On Friday they attended a stork shower for their daughter, Mrs. Fred Coulter.

A group of Mothers Marchers met at the home of Mrs. Leland Brown, Tuesday afternoon, for a polio tea, and to pick up their supplies to be used in the Mothers March, Jan. 30.

CHURCH OF NAZARENE DEDICATED AT SUNDAY SERVICES

The Bethel Church of the Nazarene held its first service in the new chapel on Sunday the 21st, at 2:30 p. m. The new chapel, which has just undergone extensive remodeling, was filled beyond capacity with an estimated 160 persons present. A number of local people and many visitors from neighboring Nazarene Churches were in attendance for this initial service.

Rev. Joseph C. Wagner, Superintendent of the Maine District of the Church of the Nazarene, present a brief history of the work of the Church in the Bethel area. Rev. Donald Arey, minister of the Dixfield Church of the Nazarene, spoke concerning the interest and work of the Dixfield people in establishing this new church in Bethel.

Rev. Wagner then presented Rev. and Mrs. Clifford Patnode and formally installed Rev. Patnode as minister of the church.

Following this inspiring beginning, the Church of the Nazarene announces that regular services will be held each Sunday, the morning worship service at 11:00 a. m. and the evening service at 7:00 p. m. The announcement of a Sunday school hour and a mid-week prayer service will be made in the near future.

CHRISTMAS SEAL TOTAL TO EQUAL LAST YEAR

Contributions for the Christmas Seal campaign of the Maine TB and Health Association in Oxford County are nearing the final total of the fine record of last year, it was reported this week by Dr. Brington T. Darlington, Augusta, the association president.

On January 15 contributions for Christmas Seals from Oxford County were \$3,230.21. A year ago on the same date they were \$3,154.35.

The final total last year at the close-out date in late March was \$3,382.65 and it is hoped that with the fine start made this year that this figure will be surpassed," Dr. Darlington said.

"At this reporting date of the campaign to provide funds to support the association's health activities, 2,373 of the Oxford County residents to whom Christmas Seals were sent in November had replied.

"As there are still 1,466 people in the county who have not yet responded, the goal of the current campaign will be reached if a sufficient number of them send contributions between now and the close-out date.

It is never too late to help in the fight against disease and to bring improved health to everyone," he concluded.

Mrs. Francis Berry and three children are spending this month in Blue Hill, while her parents are on a trip to California.

Guy Parker, Jr., General Chairman, has announced that the Bethel Jaycees will hold the 2nd annual Miss Oxford County Scholarship Pageant at the William Bingham Gym on Saturday, March 24 1962. The Miss Oxford County Scholarship Pageant is an official preliminary of the Miss America Scholarship Pageant. The winner will receive a cash scholarship and other valuable prizes, as well as being a contestant in the Miss Maine Scholarship Pageant to be held in Portland.

The following committee chairmen have been named: General chairman, Guy Parker, Jr.; Entries committee, Ted Chadbourne; Staging, to be announced; ticket committee, Richard Blake, Jr., and John Greenleaf; Souvenir program book, Rudy Royer; Judges committee, Bud Howe; Hostess committee, Polly Croteau (Jaycee Wives); Ushers committee, Drew Webster; Budget, Finance and Treasurer, Errol Donahue.

ALIENS MUST REPORT BEFORE END OF MONTH

C. C. Doughty, District Director of the Immigration and Naturalization Service, says that aliens in Maine have only five more days within which to comply with the Federal law requiring that aliens report their address to the Government during January of each year.

The Immigration official urged all aliens who have not yet complied to go as soon as possible to the nearest Post Office or Immigration Service office to file the report.

He pointed out willful failure to comply carries penalties including a fine and deportation.

The official said an estimated 19,000 aliens in this State have already complied with the address report requirements, compared to over 20,000 who filed address reports last year.

About 15 interested citizens attended the hearing on zoning regulations affecting trailers Tuesday evening. The planning board will prepare an article for the voters' consideration at town meeting.

Couples Bridge Club met Saturday evening at the home of Mr. and Mrs. A. C. Saunders. Those playing were Mr. and Mrs. Richard Waldron, Mr. and Mrs. Dana Douglass, Mr. and Mrs. Dana Brooks, Mr. and Mrs. Herbert Rowe, Mr. and Mrs. Jay Willard and the hosts. High score went to the Rows, low score to the Waldrons. Herbert Rowe won the traveling prize.

Mrs. Wendall Brewster entertained at a coffee for polio on Tuesday morning. Those present were: Mrs. Leland Brown, Mrs. Joe Perry, Mrs. Gard Brown, Mrs. Jane Van, Mrs. Roderick McMillin, Mrs. Archie Young, Mrs. Wallace Saunders, Mrs. Loton Hutchinson, Mrs. James Johnston, Mrs. Lloyd Lutton, Mrs. Theodore Emery, Mrs. Clifford Hillier, Mrs. Arthur Lincoln, Mrs. George Bowhay, Mrs. Charles Heywood.

The Maine State Police offers these common sense suggestions to help us protect ourselves during hours of dusk and darkness: As Motorists: Take it easy; don't speed through the tricky twilight and stay alert. Remember that the other fellow may need your lights to see you before you actually need them to see the road. So turn on your driving (not parking) lights at the first hint of dusk. Dim these lights for an oncoming driver even though he fails to do so. Finally, if you must stop on the highway at night, never stop on the pavement. Pull completely off the road and turn on both dome and parking lights. Carry flares and use them in emergencies. As Pedestrians: Always walk on the sidewalk if there is one. If not, and you must walk in the roadway, walk on left shoulder, facing traffic. Wear white or reflectorized clothing or carry a light or something white or reflectorized. Be careful about estimating the speed of oncoming cars when crossing without traffic signals. Cross at intersections in urban areas lighted once at night.

SCHOOL NEWS

Greenwood School committee met Tuesday evening at the Locke Mills school. In addition to approving a 1962 budget, the committee voted that the Tubbs School should be turned over to the town. It was also decided that a scholarship fund for Greenwood pupils going on to higher education should be established this year.

An extension course offered by Farmington State Teachers College will begin at Crescent Park School, Feb. 6, at 3:30 p.m. The course is intended to cover new material in elementary arithmetic such as structure of our number system, set theory and study of equivalence relationships. There will be 15 weekly meetings. Further information may be obtained from the school office.

The Bethel School Committee met recently at OPS and authorized a driver education program again this year if there is sufficient interest in the course. A poll will be taken during March or April to determine the number of pupils interested. No registrations will be accepted prior to that time.

The committee also voted to accept the recently completed School Needs Survey Report. The recommendation that a two-room addition be provided was acted upon by authorizing the preparation of preliminary drawings. Harriman Associates, architects for the original building and first addition, were selected to prepare drawings.

A special committee meeting is scheduled for Thursday, January 25.

Florida Home of Former Bethel Family

Friends of Mr. and Mrs. Norman Johnson, their daughter, Mrs. Sylvia Sloan, and her children, Norma Jean and Edwin, will be interested in this account of their new home in Dunedin, Fla., which appeared recently in the Clearwater Sun. The Johnson family left Bethel last March after owning and operating the Hotel Sudbury 10 years.

A Swiss chalet has fulfilled two dreams; one for the designer and contractor, William A. Dexter, Jr., and the other for the Norman Johnson family who purchased the cottage on Colonial Drive.

"When I designed the plans for the chalet," Dexter said, "it was only a dream plan. I thought it would never be built. I had in mind something different than the usual concrete block type houses when I designed the cottage for the corner lot. I thought I would go ahead and build the house and speculate with it to see the public's reaction."

"About the time I was ready to start building the cottage along came the Johnson family who had looked and looked, but were unable to find the exact home that would suit their needs," Dexter said.

Chamber of Commerce Recognition Banquet

Monday evening January 22, the local Chamber of Commerce put on a banquet at the Congregational Church, honoring this year's lettermen at Gould Academy in both cross-country and football. Others attending were the coaches of the two teams and honored guests. Wilbur Myers was the master of ceremonies. The coaches of both teams, Robert Scott and Frank Vogt, both gave a few remarks. Captains of the respective teams introduced their team-mates to the members of the Chamber of Commerce.

One-Act Play Program
William Bingham Gymnasium will be the setting of three one-act plays on Saturday evening, January 27, at 8:00 p.m.

In a departure from the usual fare of farcial or situation comedy, the program will include one serious drama out of the three, entitled "Mirage." It is the hope of the cast and the director that the audience, which has always been generous in its reception of the comedies in the past, will find the change a worthwhile one. The titles of the other two plays are: "Sweet Sixteen" and "Four Little Words."

"INDOMITABLE TO CONQUER"

Tyrants invariably come to a violent end. Being tyrants, they lack respect for the individual, and the capacity to judge the latent energies of free nations. Perhaps, the greatest danger of war lies in this one weakness of the dictator.

The Joplin, Missouri, Globe, recently addressed a timely message editorially to Mr. Khrushchev:

"You couldn't understand such things, but the full force of America's patriotism is within her breast, it permeates her soul. It may be latent, but it is all-powerful. It would be the greatest tragedy in all world history for you to mistake human fears of nuclear war for a lack of courage and faith to fight and sacrifice for a priceless freedom which you and your people do not comprehend.

"If you doubt this, let's go

back to Pearl Harbor day, December 7, 1941, when America was caught napping....

"Almost overnight, Americans were outproducing both Hitler and the Japanese warlords. They went from a few thousand warplanes to 300,000, from 464 outmoded tanks to 90,000 modern ones, from a trickle of shipping production to a peak of 24 million tons in 1943. They mobilized the greatest mechanized military machine in all history....

"In addition, they picked your punch-drunk nation off the floor and revived it to help turn back Hitler's legions. And American science gave the world nuclear power that ended the war, the secrets of which your country didn't have the ingenuity to fathom, but instead stole from us. This kind of a powerful America still lives today.... It may be vulnerable to attack, but it remains indomitable to conquer."

Homeward Bound or Snowbound?

Basic Facts on Winter Driving Revealed by Tests
Many urban area motorists from snow-belt states who are good drivers or a "dry track" become nearly helpless in winter storms because they don't know how to drive on ice and snow, according to Harry Porter, Jr., manager of the Traffic department of the National Safety Council.

"These drivers cause thousands of property damage and many fatal crashes each time Old Man Winter swoops into their communities," Porter said. "They have become so dependent on good winter road maintenance by snow removal and sanding crews of the city and state and by transit companies that they ignore their personal responsibility to be mentally prepared and to have their vehicles equipped for unusually severe winter driving conditions," he said.

When such drivers crash into someone or get stalled they blame the storm, and street or highway department, or the other driver, but seldom themselves, Porter said. He believes just a little know-how about winter driving would keep them out of trouble.

"Many drivers don't use good judgement in when to drive, and fail to equip their vehicles properly if they must be out in a severe storm," Porter said. The other four are: (1) Effect of temperature, (2) Reduced ability to stop and steer, (3) Unexpected icy conditions, and (4) Ice and snow made slippery by traffic.

To help drivers help themselves in the prevention of accidents and costly delays, Mr. Porter urged all snow-belt drivers to consider the following facts and recommendations based on research by the Council's Committee on Winter Driving Hazards:

Effect of Temperature
Always drive with the thermometer in mind. Braking distance about doubles as the temperature rises from 10 to 32 degrees.

The OXFORD COUNTY CITIZEN
The Bethel News, 1895
The Rumford Citizen, 1906
Entered as second class matter, May 7, 1906, at the post office at Bethel, Maine. Printed and published Thursdays at Bethel by Citizen Printers Inc. Telephone VA-2444. Subscription rate, \$3.00 a year. Single copies, 7 cents. Carries more than one year old, 25 cents each.

Everyone realizes that the melting ice cube is far more slippery than the very cold cube as it comes from the freezer—but many drivers have not associated this fact with icy road conditions where wet ice at 30 degrees is more slippery and offers about half the traction of ice around 10 degrees above zero. A car going at 20 m. p. h. takes 114 feet to stop on glare ice at zero degrees; but at 32 degrees above zero, the same car will take 235 feet to stop. Reinforced tire chains will reduce it to about 77 feet.

Reduced Visibility
Road slush and grime, ice and snow, early hours of darkness, all make it hard to see on winter roads. Drivers must double efforts to keep lights, windshields and windows in top lighting and viewing condition. Since drivers must see a hazard to avoid it they should keep windshield wiper blades in top condition. Wiper arm pressure of one ounce per inch of blade length is needed to sweep snow and sleet off instead of sliding over it.

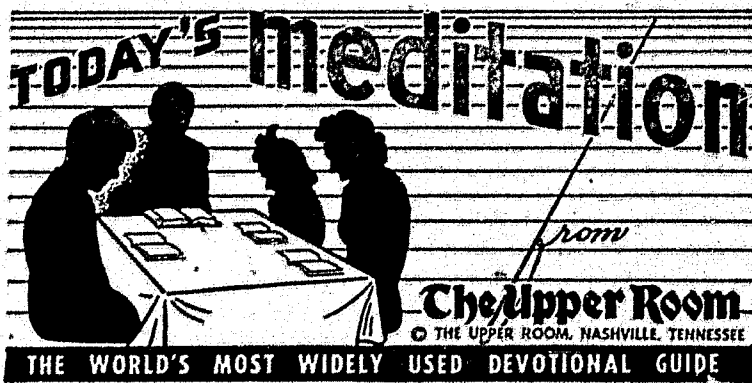

Inadequate Traction to Go
Pulling away from a standstill, climbing hills, or going through deep snow can all cause trouble—from aggravating delays to major tie-ups and accidents.

Consider these test facts during severe conditions: On glare ice, snow tires proved 20 per cent better than regular tires, regular tire chains 231 per cent better, and reinforced tire chains, which the committee recommends every driver carry in his trunk for emergency conditions, 409 per cent better.

On loosely packed snow, the snow tires are 51 per cent better than regular tires, and reinforced tire chains 313 per cent better in traction ability. Reduced Ability to Stop and Steer

Poor traction on snow or ice stretches braking distances from three to twelve times the distance you need on dry pavement. Once again, good tires, snow tires, and chains give greater control. On glare ice at 20 m. p. h. braking distances for regular tires is 195 feet, for snow tires 174 feet, for regular tire chains 99 feet, and reinforced tire chains 77 feet.

Steering is also extremely delicate on ice and snow. Forces that tend to throw your vehicle into a skid are introduced as you steer into a turn. Any attempt to make a sudden steer-

Read II Corinthians 1; 18-24

All the promises of God find their Yes in him. That is why we utter the Amen through him, to the glory of God. (II Corinthians 1:20, RSV.)

My grandmother used to mark with pencil the promises of God in the Bible. Thus she nourished her soul on His sure Word.

My mother, who also loved her Bible, had a "Promise Box." This consisted of tiny rolls of stiff paper, each containing some promise from God's Word. Each morning she would take out a promise. When I visited her, I would sometimes be offered the box from which to draw a promise. I can testify from the experience of both of us how often the words we read were timely and relevant to our need.

How blessed to depend upon God's promises in the Bible which are never reversed and which never fail! Our souls need them, if we are to keep spiritually strong—just as our bodies need daily food. John Wesley once described the gospel as one great promise—as indeed it is.

PRAYER: O God, who hast made such great and precious promises to all who believe Thy Word, help us by daily trust in Thee to prove them in our own experience. May we know that whatever may befall us, Thy promises are ever faithful, ever sure; through Christ our Lord. Amen.

Thought For The Day

God's Word is ever timely, always relevant to our need.

John L. Witter and Ruel E. Swain, owners and operators of the Bethel Oil Company, Inc., are shown loading their oil truck at the storage tanks which are located on the Old Grover Hill Road in Skillingston.

Work was started in early spring to prepare the lot by grading and resurfacing for the installation of the bulk storage tanks for range and fuel oil and the company was ready for delivery on June 15, 1961.

Ruel Swain has been a resident of Bethel since he was 10 years old, attended Bethel schools and assisted his father on his farm in Skillingston until his father's retirement several years ago. He is also employed by the Portland Pipe Line Corporation in Shelburne, N. H., on the maintenance crew.

John L. Witter has been a resident of Gilead for over 30 years and has owned and operated Witter's Esso Station and Cabins for the past 18 years. He had the misfortune of losing his home in Gilead by fire last April, but has since rebuilt on the same location.

ing change is extremely hazardous.

Unexpected Icy Conditions
A sudden snowstorm or freezing rain can catch you with your winter driving guard down. You have to be ready with snow tires and chains, the severity of conditions and hills dictating which is needed and adequate. Equally important, and perhaps more dangerous, is the unexpected ice you meet in clear weather. In shady and protected spots on the road, ice lingers on. Ice also lingers on bridges and overpasses, where ground heat is insufficient to speed up melting.

Ice and Snow Polished By Traffic
The polishing action of tires sliding to a stop or spinning to get started on snow and ice greatly increases the slipperiness of already hazardous road surfaces. This occurs particularly at intersections, on curves and hills. Polishing lengthens braking distances, slows traffic and presents unusually severe hazards at intersections and particularly at railroad grade crossings.

Mr. Porter urges motorists to follow the committee's six basic rules for safe winter driving: (1) Have good tires and chains, (2) Be able to see and be seen, (3) Get the feel of the road, (4) Follow at a safe distance, (5) Brake before turns, and (6) Pump your brakes.

COUNTRY FLAVOR

PUNGS AND BUFFALO ROBES

On these crisp winter days, a countryman wishes he could hitch a snappy Morgan roadster to a pung, tuck a heavy buffalo robe around his knees, and whisk over frozen, smooth snow to the village.

There is divergence of opinion concerning this vehicle, but most citizens agree that a pung was a box-like body approximately six feet long, with a straight dashboard and two removable seats. It was a good Saturday when Father said at breakfast, "Son, better hitch the Morgan to the pung and

get us a couple bags of cottonseed meal and a bag of middlings."

A solid farmer had a two-seated sleigh for taking the family to church, Grange and the Lyceum Course events. A sleigh had upholstered, permanently fastened seats and a stylishly curved dashboard. A pung was the everyday equipment, corresponding to the democrat wagon for summer use.

The pung was a boy's favorite. Sometimes he took out both seats to bring home half a dozen bags from the feed store. It was fun to drive to the village standing up. Belle was in fine fettle on a cold, sunny day, and the steel runners squeaked

on hard-packed snow. There was always the possibility that a neighbor boy would be going to town, and a half mile horse race across the flat was a good work-out.

Pungs and buffalo robes have gone. No longer does one hear the music of sleigh bells in frosty air. Air-filled rubber wheels speed man and his products on cement and asphalt strips. But there are those who recall the days of yesteryear and the pungs that served farm families well.

ICE FISHERMEN URGED NOT TO LEAVE RUBBISH BEHIND

The Maine Dept. of Inland Fisheries and Game is reminding ice fishermen that leaving rubbish on the ice amounts to polluting the water. In the spring time, such debris will sink when the ice breaks up.

There are good reasons for taking good care of rubbish. Besides creating polluted water conditions, careless anglers may arouse public opinion to the point where steps might be taken to close their favorite lake to winter fishing.

Dumping such rubbish is also against the law, and violators may be fined from \$25 to \$100 for each offense. It's believed by department officials, however that most such incidents are caused by forgetfulness and that a reminder may help to keep the ice and water clean.

CORRIVEAU - ROBINSON

In a wedding held at St. Athanasius Church, Rumford, on Jan. 6, at 11:15 a. m., Miss Beverly Robinson, daughter of Mr. and Mrs. Harry Robinson of Albany, became the bride of Fernand Corriveau, son of Mr. and Mrs. Darie Corriveau of Gilead. The bride was given in marriage by her father. The double ring ceremony was performed by Rev. Robert E. Lee.

Attendants were Mrs. Denis Corriveau, sister-in-law of the groom, and the groom's father. Others attending were friends and relatives.

At 8 p. m. on Jan. 6 the wedding reception was held at Gilead town hall, where approximately 100 people signed the guest book, which was in

charge of Miss Glynda Witter. The gifts were opened by the bride and groom and placed on the gift table by Miss Beverly Sweetser, friend of the bride, and John Harding, brother of the bride.

The wedding cake was made and served by Mrs. Clifton Ingerson of Jefferson, N. H., an aunt of the bride. Serving punch were the bride's aunt and uncle, Mr. and Mrs. Leslie Blodgett of North Stratford, N. H. The hall was beautifully decorated by the bride's relatives and music for dancing was supplied by Walter Sylvester who played records on his hi-fi.

The couple are making their home in the house of Robert Taylor at Gilead.

RESEARCH REVIEW

Harsco Corporation manufactures a wide and diversified line of steel products for practically every industry using pipe, notably the petroleum industry, as well as seamless cylinders for high pressure gas storage and transportation. Both of these segments of the steel industry should grow at a rapid pace in the foreseeable future. The largest factor in the company's corporate earnings picture however is the **Hockett Engineering Division**, specialists in the operation of reclaiming metal from steel slag. The great advantage of this patented Hockett process lies in the fact that a greater percentage of metal from slag may be obtained at much lower cost per ton than any other method. Due to this cost advantage as well as the rising price in steel scrap, the number of Hockett installations, which are rented rather than sold thus insuring steady royalty income, has grown over 200% in the past ten years. Currently there are 34 facilities in operation, 24 in the United States and the rest abroad. Such a facility costs approximately \$2 million and Harsco, with a strong financial position and increasing earnings, can finance construction internally. For 1962, we estimate the company will earn \$2.75-\$3.00 per share as opposed to an estimate of \$2.45 for the year just ended. The current cash dividend yields 4% while the 3% stock dividend is an added favorable factor. In our opinion, Harsco at current levels offers good value and above average near term and longer range growth prospects.

National Castings Corporation produces steel castings for the automotive and railroad industries. Recent improvement in orders and backlog should cause 1962 profits to jump sharply over the deficit incurred in 1961 which was due to the poor first three quarters. While it is difficult to project earnings precisely, if the company's present activity holds up reasonably well, earnings could surpass \$2.00 per share. National Castings is well situated to benefit by a revival in railroad traffic and profitability, being a producer of cast steel parts for railroad cars and automobiles. National

Dr. and Mrs. Albert Ring and son, Burlington, Vt., spent the past week end as guests of his parents, Mr. and Mrs. Colby Ring.

Mrs. Howard Emery, R. N., is helping care for Herman Billings at his home.

John P. Allen, son of Mr. and Mrs. M. Parker Allen, has received his discharge from the U. S. Navy, having served a four-year enlistment. He is making his home with his parents.

Mrs. Marjorie Jordan, Guidance Counselor at Edward Little High School, Auburn, was a week end guest of Mr. and Mrs. Howard I. Judkins.

There will be an Executive Board meeting of the Woodstock PTA next Tuesday night, 8:00 p. m., at the high school.

The Woodstock Extension Association met with Mrs. Lucia Verrill Monday afternoon. The subject was "Live and

Learn." Mrs. Robert Hastings, East Bethel, was the guest speaker and her topic was "Aging." A silent auction was held and light refreshments were served after the meeting.

The Grange met at their hall Saturday evening with 17 members and 5 visitors present. The chapter was draped by the chaplain for Bertha Houghton. An invitation was received from the West Paris Grange to meet with them Thursday evening Feb. 1. The meeting to be preceded by a pot luck supper. The program for the evening: Song by members, "Jingle Bells"; Reading, "Definition of a Boy," by Miriam McAllister; Poem, "My Income Tax," by Alice Hoyt; Reading, "High Taxes," by Lettie Brooks; Stunt was won by Carl and Lettie Brooks; Vocal Solo by Arline Farr; Skit, "Same Old Thing," by Carl Brooks and Ray Hanscom; Story by Alma Whitman; Reading, "A Hardship Case," by Verna Swan; Reading by Evelyn Barnett; Reading, "Bigger and Bigger," by Lillian Mills; Story by George Wheeler; Closing Thought by Lecturer, Mystery Package was won by Evelyn Barnett. Refreshments were served by Harris Hathaway and Ray Hanscom. The next regular meeting will be February 3 and will be observed as safety night. A member of the State Police will be the guest speaker.

The Woodstockers 4-H Club met January 18 at the home of their leader, Mrs. Rodney Cross. Members discussed plans for presenting two short plays to the public later in the winter. A safety film was discussed.

V. A. NEWS LETTER

Far too many of the 50,000 pieces of mail that flow through the Togus Center of the Veterans Administration each year cannot be properly identified, Dr. Joseph Weltman, Manager, disclosed today.

Too many veterans and their dependants merely sign their names to correspondence, and names are not enough.

Almost all of the 110,000 names in the VA Togus office master index file are duplicated. As might be expected, there are almost 350 Poulins, 300 Clarks, and more than 500 Wilsons and 1,200 Smiths, but most other names are duplicated scores of times.

The veteran's claim number or "C-number" and his insurance number are his alone, Dr. Weltman pointed out. Inclusion of these numbers in correspondence will insure prompt and efficient service, and save the time and cost of additional correspondence.

As possibly being shown at a future meeting, Mrs. Cross handed back project account sheets from last year and announced that all members will be expected to give demonstrations at the next meeting. This meeting will be held Feb. 1. After the business meeting Anne Cross and Diane Farrar served refreshments and led in games. Committees appointed were Linda Gaugler and Shirley Morgan, recreation and refreshments. Club Reporter, Diane Farrar.

There will be a farewell dance party given Friday evening, Jan. 26, 8:00 p. m., at the gymnasium for Mr. and Mrs. Sherwood Buck, who are leaving for Arizona in the near future. A money tree will be given the couple. Everyone welcome.

The Woodstock PTA met Tuesday evening at the High School. President Gertrude Gaugler presided over the meeting. Among the discussions held there was great interest shown regarding the lack of something to do for the teenagers during the noon hour and after school hours to keep them interested and off the streets. It was voted that a fact-finding committee look into this situation, such as, finding a suitable building, juke box or what ever, etc., and the committee appointed for same was: Frank Packard, Ernest Packard, Wendell Twitchell, Kenneth Buck and Eugene Bellegarde. A public luncheon to be held during the month of February was voted upon, date to be announced later. Committee for that, Chairman, Gertrude Gaugler, and Beverly Packard, Alice McInnis, Hazel Brooks and Margaret Slocote. In conjunction with Founder's Day, celebrated by all PTAs during the month of February a committee was appointed to choose someone eligible for life membership. Committee: Mary Emmons, Edith Bellegarde and Patricia Thurlow. Following the meeting a film was shown by Wendell Twitchell and refreshments served by Alice McInnis, Alice Hoyt, and Hazel Brooks. The banner was won by Grade 7 which was unusual since they have the largest class.

LONGEST DIESEL RUN ON CONTINENT

Mount Robson, near the Alberta-British Columbia border, is the highest peak in the Canadian Rockies and is on the route traversed by the "Super Continentals" sleek, powerful diesel locomotives which make the longest continuous diesel passenger run in North America. The diesels, which leave Montreal every afternoon in the year, operate right through to Vancouver in British Columbia—2,924 miles in 69 hours and 24 minutes—without change. When the "Super's" diesels reach Vancouver, they are fueled, serviced, turned and sent back across the continent—another 2,924 miles. Engine crews are changed 18 times in each direction. FNS

Leroy A. Brown, shipfitter third class, USN son of Mr. and Mrs. James L. Brown of Bethel, is serving aboard the anti-submarine warfare support aircraft carrier U. S. S. Essex, deployed to Eastern Atlantic waters.

During the cruise, the ship is visiting ports rarely seen by American navymen, such as Southampton and Portsmouth, England; Greenock, Scotland; Belfast, Ireland; Rotterdam, the Netherlands; Hamburg, West Germany.

Only the brave know how to forgive; it is the most refined and generous pitch of virtue human nature can arrive at. —Laurence Sterne

Let's learn from the mistakes of others. We can't live long enough to make them all ourselves.

It's no use making haste; the thing to do is to set out in time. —Jean de la Fontaine

The State Police remind us that it is a mighty good idea not to pull up too close to the lowered gates or the signal lights at a highway-rail intersection. Such spots are likely to be worn very smooth and slippery, and it is entirely possible that the car behind you may be unable to stop in time to avoid bumping you and pushing you into the path of an oncoming train. Leave that extra margin of safety between your car and the tracks.

THE NORTHEASTERN STATES, THE CRADLE OF OUR COUNTRY, AND THE LUMBER INDUSTRY GREW UP TOGETHER. 331 YEARS AGO, IN 1631, THE FIRST COMMERCIAL SAWMILL WAS BUILT AT THE FOOT OF A WATERFALL IN SOUTH BERRICK, MAINE.

THE JOHN WHIPPLE HOUSE, BUILT IN 1640 AT IPSWICH, MASS., STANDS TODAY AS PROOF OF BOTH THE BUILDERS AND THE WHITE PINE THEY USED FOR EXTERIORS OF THEIR HOMES.

WITH SOUND FOREST MANAGEMENT, MORE THAN A BILLION BOARD FEET OF WHITE PINE LUMBER IS NOW PRODUCED EACH YEAR IN THESE NORTHEASTERN STATES, (NEW YORK, PENNSYLVANIA AND NEW ENGLAND).

CONSERVATION AND SELECTIVE CUTTING ARE STANDARD PRACTICES OF LUMBER COMPANIES IN THESE STATES.

SOFT WOODS, SUCH AS WHITE PINE, ARE MOSTLY CONIFERS (EVERGREENS). HARD WOODS, SUCH AS MAPLE, ARE DECIDUOUS TREES. (SHED THEIR LEAVES).

SKI SKILL RUN-OFF AT MT. ABRAM SKI SLOPES SATURDAY MORNING

Fair skiing and excellent skating conditions are reported at the Mt. Abram Ski Slopes. There were fair sized crowds last week at the Slopes despite only fair conditions for skiing.

Hebron Academy and Fryeburg held a ski meet at the Mt. Abram area last week. This meet was to have been held at Pleasant Mountain, but conditions there were too icy.

The Edward Little ski team from Auburn held an informal practice session Saturday afternoon with Fryeburg Academy, who also practiced cross country skiing and downhill slalom.

The Ski Skill run-off will be held Saturday morning. The school which was for children ages 7 to 11 has just completed a four week session under Ken Lasseter's tutelage.

IMPORTANT NOTICE TO SUBSCRIBERS ON CHANGES OF ADDRESS

It was noted in the Citizen recently that a charge of five cents was made by the post office department for the return to the publisher of notices of "undeliverable second class matter." This fee has been increased to 10 cents. The charge for this service 10 years ago was two cents.

In line with many other newspapers the subscription rate of the Citizen has remained the same during the present increasing second class postal rates. However, effective at once, subscriptions will be shortened by two weeks for each such notice received.

We feel that subscribers can usually give advance notice of changes of address and thus avoid missing copies and this inconvenience.

BURRIS - HOPKINS ENGAGEMENT

Mr. and Mrs. Franklin E. Burris of West Bethel wish to announce the engagement of their daughter, Gloria Ann, to David R. Hopkins, son of Mr. and Mrs. Lee Hopkins, of Belmont, Mass.

Miss Burris graduated from Gould Academy in 1959 and is now completing her last year at the Massachusetts General Hospital, School of Nursing.

Mr. Hopkins is a graduate of the University of Massachusetts and is presently employed in Painesville, Ohio, in plastics research.

A spring wedding is planned.

HERRICK - CLOUGH

Miss Thirza Ann Clough, daughter of Mr. and Mrs. Roger Clough of West Bethel, became the bride of Chester Arnold Herrick, son of Mr. and Mrs. Wilmont Herrick of Mechanic Falls at the West Bethel Union Church, Jan. 20. Rev. Joseph Bradley officiated at the double ring ceremony. The bride wore a waltz length dress of organza over satin with a French lace jacket and necklace of pearls. Her elbow length veil fell from a crown of sequins. She carried a white Bible. Their attendants were Miss Freda Bennett and Lawrence Davis. Only members of the immediate families attended: Mr. and Mrs. Robert Clough, Mr. and Mrs. Frank Gibson (grandparents of the bride), Mr. and Mrs. Roger Clough, Mr. and Mrs. Wilmont Herrick, Mr. and Mrs. Harold Pevear, Mrs. Avis Dennis, Harold and Mabel Clough.

Perhaps pure reason without heart would never have thought of God.
